

# APRA Basel III Pillar 3 Disclosures

Quarter ended  
30 September 2022

## 25 November 2022

This report has been prepared by PNL to meet its disclosure requirements under the Australian Prudential Regulation Authority (APRA) Australian Prudential Standard (APS) 330 Capital Adequacy: Public Disclosure of Prudential Information.

These tables should be read in conjunction with the PNL regulatory balance sheet and the reconciliation between detailed capital disclosure template and the regulatory balance sheet.

Information is prepared using 30 September 2022 data.

PNL seeks to ensure that it is adequately capitalised at all times, both on a stand-alone and Group basis.

APRA applies a tiered approach to measuring PNL's capital adequacy by assessing financial strength at three levels:

Level 1, comprising of PNL and its subsidiary entities that have been approved by APRA as being part of a single 'Extended Licensed Entity' (ELE) for the purposes of measuring capital adequacy; and

Level 2, the consolidation of PNL and all its subsidiary entities except those entities specifically excluded by APRA regulations; and

ADI Consolidated Group is PNL Group at the widest level which includes PNL Landreach Pty Ltd whose principle activities are financing property development.

The Pinnacle Series Trust 2017 T1 and The Pinnacle Series Trust 2021 T1 meet all the operational requirements (APS 120) for regulatory capital relief and are excluded for credit risk under Prudential Standard APS 112 Capital Adequacy. For statutory reporting purposes, all securitisation trusts are consolidated in the Group.

Unless otherwise specified, all quantitative disclosures in this report refer to the prudential assessment of PNL's strength on a Level 2 basis using a statutory valuation.

## Key Points

This disclosure has been prepared in accordance with the changes to APRA's capital rules (effective 1 January 2013). The Bank's total capital ratio has decreased from 16.0% as at 30 June 2022 to 15.6% as at 30 September 2022.

24	If convertible, conversion trigger(s)	<p>Non-Viability Event</p> <p>A Non-Viability Event means APRA has notified PNL that APRA considers that:</p> <p>a) the conversion into PNL MCIs or write off of Relevant Securities (including Capital Notes) is necessary because without the conversion or write off, PNL would become non-viable; or</p> <p>b) without a public sector injection of capital into, or equivalent support with respect to, PNL would become non-viable.</p> <p>If a Non-Viability Event occurs, PNL must immediately Convert into PNL MCIs or Write off all Relevant Securities or, if a Non-Viability Event occurs which does not involve a determination by APRA that a public sector injection of capital would be required and APRA is satisfied that conversion or write off of a proportion of Relevant Securities will be sufficient to ensure that PNL will not become non-viable, that proportion of Relevant Securities.</p>	
25	If convertible, fully or partially	<p>May convert fully or partially</p> <p>Each Capital Note that is required to be converted will be converted fully. The issuer will convert the amount of Capital Notes required in order to make it viable.</p>	
26	If convertible, conversion rate	<p>On Conversion, holders of Capital Notes will receive the Conversion Number of PNL MCIs for each Capital Note held. The Conversion Number is calculated using the following formula, such that the aggregate nominal value of the PNL MCIs received by a Holder will not exceed the aggregate Face Value of the Capital Notes Converted:</p> $\frac{\text{Face Value}}{\text{Nominal Value of PNL MCI}}$ <p>where, Nominal Value of PNL MCI is deemed to be the Face Value.</p> <p>The effect of the conversion formula is that holders of Capital Notes would receive 1 MCI for each Capital Note held.</p>	
27	If convertible, mandatory or optional conversion	Mandatory (If Non-Viability Event occurs)	
28	If convertible, specify instrument type convertible into	Mutual Capital Instrument (MCI) - which meets the requirements for Mutual Equity Interests under APS 111	
29	If convertible, specify issuer of instrument it converts into	Police & Nurses Limited (ABN 69 087 651 876)	
30	Write-down feature	Yes (if conversion is not effected for any reason on occurrence of Non-Viability Event)	
31	If write-down, write-down trigger(s)	<p>If, following a Non-Viability Event, Conversion has not been effected within 5 Business Days after the Non-Viability Conversion Date for any reason (including where PNL is prevented by applicable law or court order or for any other reason from Converting Capital Notes or if the Holder is a Foreign Holder (broadly an Inability Event)), those Capital Notes will not be Converted but instead will be Written-off.</p>	
32	If write-down, full or partial	<p>May be written down partially</p> <p>Each Capital Note that is required to be written off will be written off fully. The Issuer will write off the amount of Capital Notes required in order to make it viable.</p>	
33	If write down, permanent or temporary	Permanent	
34	If temporary write down, description of write up mechanism	Not applicable	
35	Position in subordination hierarchy in liquidation	Subordinated to all creditors except holders of Member Shares and MCIs
